

KOTZEBUE SHORE AVENUE PROJECT

CONSTRUCTION UPDATE September 13, 2010

Weekly updates will be provided to the public as construction progresses on Shore Avenue. All updates will provide information regarding Construction Schedule, Work Zone Locations, Traffic Control Measures and Public Safety & General Notices.

Please see map below for this week's active work zones.

Notices and Traffic Control

Shore Avenue will continue to have one way traffic until this year's construction season closes. There are traffic control personnel to assist any pedestrians in and out of the closures as needed. Shore Avenue will have intermittent areas of full roadway closure as work progresses. Heavy equipment as well as dump trucks will be operating through all of Shoreline Avenue as well as on other Kotzebue roads, caution is advised.

Schedule - Project activities include:

- Wall backfill and hardware installation
- Armor wall and sub base roadway construction
- Pile driving and lighting installation

Construction of Shore Avenue

Pile driving installation will be complete this month and the handrails have started south of Vista # 1. Barges will continue to deliver aggregate and brick pavers through the shipping season. Roadway cut and fill will continue until the ground frost has set in. Both way traffic and parking will be available during the winter season.
